

INTEGRITY IRELAND COMMISSION

TO WHOM IT MAY CONCERN

This is to confirm that I, the undersigned, subscribe to Asseveration No 020 which acquired the force of law on October 12th 2021 as approved and issued on October 25th 2021, which said Asseveration states and declares according to law:

1. The grounding clause in the recital of *The Health (Preservation and Protection and other Emergency Measures in the Public Interest) Act 2020* is a false and fraudulently-misleading statement.
2. As such it is both voidable and 'void ab initio' (void from its beginnings), and therefore cannot carry the weight of law, nor give rise to any dependent legislation, rules, regulations or legally-enforceable guidelines.
3. Any person who knowingly facilitates, complies with or enforces the said void legislation in knowledge that it has now been rendered lawfully void and invalid, commits an unlawful and possibly criminal act.
